

Ilkeston & District Local History Society: Membership

New members are always very welcome, whether or not they are able to attend our monthly meetings. All members receive the Society's magazine, The Herald (usually four times a year) and can attend all our indoor speaker meetings, outside visits and walks free of charge. You will also have easy access to the Society's enormous fund of local knowledge through its greatest asset – the other members! We have a very wide range of interests from personal genealogy to industrial, military, women's, social and transport history as well as general local topics. Whatever brings you to local history, there is almost certain to be someone else in the Society with knowledge which will help you.

The annual subscription, renewable in January, for 2018 is:

- For an individual this is only £12.00.
- For a couple living at the same address the subscription is just £18.00.
